

**TRINITY UNITED CHURCH**

**"KEEPING IN TOUCH"  
JUNE 9, 2010**

Hello everybody.

In our last "Keeping in Touch" I had reminded everybody about our Congregational Picnic, planned for this Sunday, June 13 at the Ganaraska Conservation Centre. However, in examining the weather forecast for this Sunday, we see that all we can expect is rain and possibly thundershowers. As a result, the picnic we had planned has been cancelled. Please pass the word along to anyone you know who was planning on attending. We hope to have another chance for a congregational outdoor get-together this year, perhaps in September or October.

Thanks to everyone who had worked hard planning the event. We hope that their efforts were not in vain, and the plans will still be effective when we reschedule the event.

Brad Halls  
Chairperson, Trinity Communications Division
